Annual Meeting Wainwright Deanery Held at Irma

The Annual Meeting of the Wainwright Deanery Association of the Women's Auxiliary was held in Irma on May 29.

Corporate Communion was celebrated in St. Mary's church at 11:30 a.m. The Rural Dean, Rev. V. Cole of Tofield was the Celebrant, assisted by the Rev. J. Flagler and the Rev. Burden of Edgerton. Forty-six members were present at this impressive service with Mrs. Murray officiating at the organ.

Rev. Cole, in his address, stressed the need of our work in the Missionary field and to show an example in the life we live.

A delicious luncheon was served by the ladies of the Royal Purple Lodge and very much enjoyed by all in the United Church basement. A hearty vote of thanks was proposed by the Rev. Cole for their splendid effort.

At 1:45 p.m. the Registration of Delegates took place in the United Church showing all our branches in the Deanery were well represented. The Conference opened with a hymn and the address of welcome was given by Mrs. F. Thurston, with the reply by Miss Bacon of Wainwright W.A. The roll call showed members came from Tofield, Rodino, Viking, Wainwright, Heath, Edgerton and Irma branches.

The minutes of our last annual meeting were read and adopted.

Mrs. T. Withnell of Edgerton, our Deanery President, gave her address, the theme being, "So I am with you always."

A two minutes silence was observed as a tribute to our loved Homecoming President, Mrs. Burden of Tofield who passed to Higher Service during the year.

Branch reports were then given and showed much progress has been made during the past year.

The treasurer, Mrs. A. G. Patterson of Heath, gave her report and the noting of money took place, part of which was voted to the Rural Church fund and the remainder to the Bishop and Mrs. Gray Memorial Window in All Saints Cathedral.

The Diocesan officers gave us their addresses which included Mrs. Davies Dorcas, Sec., Mrs. Young, Missionary Sec., Mrs. Moore, Education Sec., followed by an address by Mrs. Hammett on Diocesan President.

These ladies really encouraged us in our work and gave us much food for thought.

The election of officers for the

coming year then took place: Mrs. T. Withnell, president. Mrs. Childs, Viking, Vice-president.

Mrs. A. J. Patterson, Heath, Sec.-Treas.

Mrs. F. T. Thurston, Honorary President.

The Edgerton ladies gave us a gracious invitation to hold the 1957 Annual Meeting at Edgerton, which was accepted with thanks. All other unfinished business was then taken up and votes of thanks were given.

The meeting then adjourned, with prayer.

Refreshments were served by the Irma W.A. followed by Evening song in the United Church.

We were very happy to welcome the Rev. Donald Moore and Mrs. Moore who brought a carload of ladies from Killam and Sedgewick. During the afternoon a collection was taken up for a Rodino member and her family who had lost their home in a recent fire. Many thanks are extended to all who helped to make the conference such a success and to the United Church board for their kindness in allowing us to have the church in which to hold our conference.

Irma 4-H Beef Club Achievement Day Tuesday, June 12

The local 4-H Beef Club will hold their Achievement Day on Tuesday, June 12 at the Irma fair grounds. All members are requested to have their calves weighed at the stockyards and at the fair grounds by ten in the morning. Climaxing our year's work, our show will be held in the afternoon with the showing and judging, and sale of the 30 odd calves. The public is urged to attend this show and help support your local 4-H Club. For your best beef eating of the future, buy one of our prize animals that day.

Later, a banquet at the United Church basement sponsored by the local Elks for the 4-H members will climax the day. All parents, buyers and businessmen and their wives are invited to attend.

On Monday, June 4, twenty-one members attended the Lloydminster 4-H Fat Stock Show and Sale. A total of nine clubs from Lloydminster district combined for the show. With one hundred and twenty-two calves entered, Bill Ritchey of the East Manitou Club topped all other entries with his calf which the T. Eaton Co. bought for fifty-five cents a pound. To those who attended, the day proved very profitable. A vote of thanks is given to the drivers of the cars who so kindly left their field work for the day to drive us to Lloydminster.

Circle Tuesday, June 12, on your calendar, neighbor, to help support your local 4-H Club.

There was quite a bit of winter killing of legumes and grasses this past winter. Some of these fields will not yield as well as they should so farmers would be well advised to examine their fields and if the pasture or hay will be short it might be a good plan to seed some oats or other grain for pasture or green feed. This is particularly true this year because most feed reserves were used up last winter.

If a field is badly killed out it may be a good idea to reseed parts of it or seed down another field to replace it.

Crow and Magpie Control
These birds are both pests and are too numerous in this area. The Fish and Game Associations are offering bounties for the feet of either. This should give the youngsters a good way to earn some pocket money and help the district at the same time.

ALBERTA POLIO VACCINATION
The Minburn-Vermilion Health Unit is giving injections of Salk Vaccine to children starting school in September, 1956 and September, 1957.

These injections will be given at the Kinella Hotel between 10 and 12 a.m. on Tuesday, June 12.

WITH THE District Agriculturist

By J. S. Duncan

Weed Control

The time is nearly here when each farmer has to decide whether he is going to spray his crop or not. To be properly effective and so give best returns for the cost, spraying should be done when weeds are small. In this stage they are easier to kill and they have done less harm to the crop. Spraying should be done when the weather is warm, and if possible when the weeds are growing rapidly. There are many trade names for 2,4-D, but there are only four formulations: 2,4-D Ester, 2,4-D Amine, 2,4-D Sodium Salt, and the Low Volatile 2,4-D Ester. The most commonly used is the 2,4-D Ester. This is fast acting and effective. The Amine and Sodium Salt are somewhat easier on crops and not quite so fast acting on weeds. The Low Volatile Ester is somewhat harsher on both weeds and crops. For oats and flax the chemical MCP is recommended as it is easier on these somewhat susceptible crops.

One important thing to remember is to Read the Instructions on the container as there are different concentrations as well as different formulations. There is a good bulletin on "Chemical Weed Control" which may be obtained from my office.

Winter Kill of Forage Crops

There was quite a bit of winter killing of legumes and grasses this past winter. Community Mourns Passing of Mrs. Mildred Chase

The death of Mrs. Mildred Chase in the Wainwright hospital on May 28 after a long and trying illness, saddened a wide circle of relatives and friends in the Irma-Wainwright area.

Then said Martha unto Jesus, Lord, if thou hadst been here, my brother had not died. But I know, that even now, whosoever thou wilt ask of God, God will give it thee. Jesus saith unto her, Thy brother shall rise again.

Martha saith unto Him, I know that he shall rise again in the resurrection at the last day.

Jesus said unto her, I am the resurrection and the life: he that believeth in me, though he were dead, yet shall he live:

And whosoever liveth and believeth in me shall never die. Believest thou this? She saith unto Him, Yea, Lord: I believe that thou art the Christ, the Son of God, which should come into the world. John 11: 21-27.

It's no accident that natural gas is known in Alberta as a safe, trouble-free fuel. The good reputation is largely due to careful handling. Nothing is left to chance when installing pipelines and equipment for natural gas service. But should an emergency arise — a leak, a break, trouble at the well — the company's 24-hour standby units move into action. Trucks, snowplows, dozers, compressors, welding equipment and skilled emergency crews are always at the ready — maintaining the service that gives gas its good name!

With GAS you get service
 — we plan it that way!

Card of Thanks

We would like to sincerely thank all those who bought plants and who so generously supported our project. We feel we owe an apology to those who ordered but were unable to fill and also to those who were put to inconvenience because of late delivery when the truck failed to pick up the plants in the city on Friday. However, we feel we will be able to give better assistance next time. Many thanks for your patience and support. —The C.W.L.
